Thought for the week: The Faith of a Little Child

A story is told of a little boy who was very sick. It did not look like he was going to live. The doctors could do nothing more to help him. His grandmother told him some stories from the Bible, about how Jesus healed people who were sick.

So each night the little boy prayed, "God, I know you are very busy, and have lots to do to keep this world from falling apart. But if You have a few seconds left over tomorrow, I'd sure like for you to come and heal me. I'll be looking for You!"

For months, the little boy lay on his bed, very sick. Then one day he began to feel better. He grew stronger and he recovered. After seeing that the little boy was going to live, the doctor asked him if he had any idea what had happened and why he was better.

The little boy replied, "Doctor, God had a few seconds for me that day. That's why I am healed!"

1. What was wrong with the little boy?
2. Tell about how sick he was.
3. What did his grandmother do?
4. What did the little boy say to God?
5. What happened a few months later?
